

**Amendments to the Drawing:**

Figure 1 has been replaced with new Fig. 1 to more accurately illustrate the over-molding 9, the brass insert 6, and the radiator 7 in accordance with the embodiment of Fig. 2. In addition, reference numeral 11 has been added to illustrate the control components of the circuit board (C I), and solder 19 has been added.

In Figure 2, a reference to a recess 18 and a reference to a connector 20 have been added. Component 8 is also labeled, and an additional label is added for the brass insert 6.

Two replacement drawing sheets, one of which includes Fig. 1 and the other of which includes Fig. 2, replace the original drawing sheets including Fig. 1 and Fig. 2, respectively.
